Canyoning , Waterfalls & Pools

The Zavitan Stream is the longest stream in the Golan Heights region. Along the trail are beautiful waterfalls, the biggest of which is the Zavitan Waterfall, which falls from a height of twenty-five meters, and tons of pools that are shaded by flora, an aqueduct, fig trees and hexagon and pentagon shaped basalt pillars. The Zavitan Stream is the perfect route in the spring and summer months, with its cool water pools.
